Most of the material can come from the pupil's stash. Alternative fabrics i.e. variegated yarns can also be used. A variety of material will be available to purchase.

### **Jane Cuthbert – Saturday 10:00 – 4:00 pm – Rosemaling (Norwegian Folk Art)**

This is a mock shaded painting workshop with wool, using swatches, in fine cut.

*Jane has been hooking since 1980. She is certified with the OHCG and McGown plus has a Fibre Arts Certificate in rug hooking from St. Lawrence College.*

Class cost: \$90.00 + HST

Kit cost: \$75.00 with 18 x 18 pattern on linen and 3-8 value swatches with notes.

### **Susan Clarke - Saturday 10:00 – 4:00 pm – Spotlight on Geometrics**

In this exciting workshop, for 'Immediate' hookers, you will learn about Geometrics through exploring a series of traditional quilt designs. We will discuss colour planning, and explore how light and shadow theory can enhance your rug.

*Susan has been hooking for 12 years and received her OHCG certification at the 2019 Annual. Her work is shown at OHCG Annuals where she has won four awards, the latest being the winner of Fine Cut at the 2019 Annual.*

Class Cost: \$90.00 + HST

Kit cost: \$70.00 with your choice of quilt design on 18 x 24 linen, student notes and geometric motifs to overlap (optional) and provide that "twist" that makes this rug your own creation. Six designs will be emailed to students to choose from in advance of class.

### **Janice Daniels – Saturday 10:00 am – 4:00 pm – Tangle Art for Rug Hooking**

Tangle Art is a course I developed after taking a Zentangle Course. Zentangle is a therapeutic drawing technique used for those suffering from PTSD, depression, anxiety and stress, just to mention a few. It is different from doodling because there is some thinking that goes into the design. We start the morning by practicing the drawing method coming up with designs that are suitable for rug hooking. By the afternoon most are ready to put a design on backing.

*Janice is both an accredited teacher with the OHCG and McGown plus graduated from St Lawrence College Traditional Rug Hooking. She has been rug hooking for over 30 years and enjoys using multiple fibres in rug hooking.*

Class Cost: \$90.00 + HST

Kit cost: \$20.00. An 18x18 piece of linen is available for an additional cost of \$15.00. The kit includes: drawing pen, pencil, large paper for design, tracing paper, red dot transfer material, sample design and detailed instructions.

Students need to bring a positive attitude! No hooking supplies are needed in the morning; however, some may wish to start hooking in the afternoon.

### **Judy Kielczewski – Saturday 10:00 – 4:00 p.m. - Hand Painted Wool and Simple Silhouette**

This class will take you under the sky or over the water. The silhouette will only enhance your painted wool and bring your picture to life. The painted wool is the main subject but a silhouette of your granddaughter on a swing or maybe a couple walking hand in hand can add to the imagination of your piece. LOVE WHAT YOU DO; DO WHAT YOU LOVE.

*Judy is an OHCG certified teacher who loves all forms of fibre art. Her passion is to create and inspire everyone to find the fun and enjoyment in what they create. Judy's pictorial rug "The Boys" won the pictorial award at the 2019 annual.*

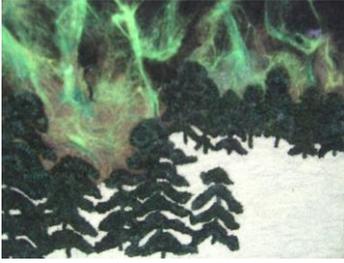

Class Cost: \$90.00 + HST

Kit cost: \$50.00. Students will provide their own hook, hooking frame, scissors and cutter. The project is best in cuts 3-4-5-6. Judy will contact each student prior to the workshop to get their idea about a silhouette to place in their pattern.

### **Jennifer Curran – Saturday 10 – 1pm plus Sunday 9:30 – 12:30 pm – Against the Sky (Combined Felting and Hooking)**

This workshop is held over two days, allowing the wet felting backdrop to dry before hooking on it. Creating the perfect sky backdrop for your silhouette is fun. By using a modified wet felting technique to create the sky and combining it with various hooking techniques, you can create that perfect morning or night sky. The piece we will be creating will be approximately 20 cm by 30 cm (8 x 12) in size.

*Jennifer is a certified OHCG teacher and is McGown accredited. Jennifer is the Past President of the OHCG having completed her term as President in 2019.*

Class Cost: \$90.00 + HST

There will be a material charge of \$20.00 to cover the cost of handouts, pattern options and miscellaneous supplies. Students are asked to bring a spray water bottle and towel as well as your hooking supplies. Wool batt, backing and hooking materials will be available for purchase.

### **Marjorie Duizer – Saturday 10:00 – 4:00 p.m. – Combining Weaving and Rug Hooking**

Add another dimension to your rug hooking. You will be weaving a small piece either on backing or with a loom that will be available to use. There will be a wide assortment of yarns and other fibres for you to use. You will be creating a one of a kind piece of art. Instructions and suggestions on attaching your weaving to your hooking and finishing methods will be included. After you decide how you are incorporating your weaving, you can design a hooking project to compliment your woven treasure. There will be an assortment of small looms for you to use and information about where you can purchase them.

*Marjorie is an OHCG and McGown accredited teacher as well as an Oxford punch needle teacher. She is presently an active member of the Goderich Co-op Gallery. Marjorie has always enjoyed new techniques and is excited to experiment with weaving.*

Class Cost: \$90.00 + HST

We will explore design, colour planning and how to have fun working with your photographs. There will be some excursions to different parts of the virtual world to see what people are working on. Plus see what other resources are just waiting for discovery.

*Something about rug hooking captured Wendie’s soul in her very first loop, and continues to romance her some 15 years later. It’s the community. It’s the creativity. It’s the artistic expression. It’s the joy. It’s why she is a passionate hooker and dedicated OHCG certified teacher (since 2006). Her favourite thing to do is explore the many “what if’s” that pop into her head.
