

# Charity Cove

BY DEANNE FITZPATRICK

This pattern can be downloaded for free and hooked to donate or raise money for the charity of your choice.

The Ontario Rug Hooking Guild initiated this idea to share with The Rug Hooking Museum of North America. We thought it would be good to make it accessible to all individuals and groups who would like to hook this little design to raise money for charity.

**\*Please note:** when you enter the purchasing process it will prompt you to enter the discount code, thus you will not be charged and a digital download will automatically be sent to your email. This is how you will receive the link.
